

WARRIOR TRAILS

By Robin Newcomer

Winning football games it beginning to look like old stuff to the Warriors of West High. After last week's game at Rolling Hills, with West coming out on top 20-12, our team will face its first league game Friday night at Aviation.

Maybe if we close our eyes and wish hard our victorious boys will not only be Pioneer League champs but also will go on to win CIF.

Congratulations to the flag twirlers upon placing fourth in the Arroyo High School competition. This year's flag twirlers are Cindy Miller, Cheryl Bree, Brenda Moore, Patty Holly, and Sue Shannon. The girls were judged on appearance, poise, and skill.

THE JUNIOR class is now in the process of choosing its senior rings. Rocky Westlake, junior class president, reports that the rings will be given out in February, enabling the class of '69 to wear their rings two months earlier than previous classes.

Have you been wondering about the unexpected change in dress regulations at West this year? The Student Council, under the leadership of Steve Bunch, began working for a better '67-'68 school

year early this summer. One of their first projects was a discussion concerning dress standards with Dr. Robert Ford, principal.

Many activities have been or are being planned, including this year's Grid Night. Although the annual semi-formal dance will still be held in the gym, permission has been given so that shoes can be worn on the gym floor!

THE COUNCIL is out to get more of the student body's opinions and has taken steps to achieve better communication. Last year's weekly open council meetings will still be held, along with the placing of a suggestion box in the library.

In November, a special election is to be held so the student body can decide on three issues that the council has been discussing for many months. The amendments concern lowering the grade point average required for election to student offices, permitting band and drill team members to be candidates for secretary of morale, and extending the eligibility for secretary of honor to members of the National Honor Society and Chieftains.

Minutes of council meetings will be written up in a new, easier to read form, with a weekly summary. Council minutes will be posted in all social studies classes.

Trail's End!

MARTIN N. HEAFER
To Lecture

Lecture Slated in San Pedro

Man's potentialities for developing "spiritual perception" will be the topic of a public lecture in San Pedro Sunday under the sponsorship of the Christian Science Church of San Pedro.

Martin N. Heaffer, C. S., a recognized Christian Science practitioner from Houston, Tex., will speak at the church edifice, 1010 S. Cabrillo Ave. The lecture will begin at 3 p.m.

Heaffer, a graduate of Southern Methodist Church, served in the Army Air Corps during World War II. A businessman, he entered the Christian Science healing ministry in 1957.

The topic of his lecture will be "Open Your Eyes." Heaffer currently is on tour as a member of the Board of Lecturers of the First Church of Christ, Scientist, Boston, Mass.

Science Shrinks Painful Hemorrhoids Stops Itch—Relieves Pain

Finds Way That Both Relieves Pain and Shrinks Piles in Most Cases

New York, N.Y. (Special) Science discovered a medication with the ability, in most cases, to actually shrink hemorrhoids and promptly stop the burning itch and relieve pain.

In one hemorrhoid case after another, very striking improvement was reported and verified by doctors' observations. Pain itching were promptly relieved. Then this medication starts right in to gently reduce the swelling of inflamed, irritated piles.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so. And it was all done without narcotics or stinging astringents of any kind.

The secret is Preparation H[®]—an exclusive formula for the treatment of hemorrhoids. There is no other formula like it! Preparation H also lubricates to make bowel movements less painful, it soothes irritated tissues and helps prevent further infection. Preparation H comes in both ointment or suppository form. No prescription is needed.

Witnesses Schedule Assembly

"Walking Orderly by Spirit" (Gal. 5:22) will be the Bible theme for the upcoming circuit assembly of Jehovah's Witnesses, Leonard Oliff, presiding minister of the Torrance Congregation, said the three-day gathering will be held at Mira Costa High School Nov. 3 through 5.

"The entire assembly program will be built around Bible instruction," Mr. Oliff explained. "Talks, demonstrations and discussions from the platform will impress upon all in attendance the importance of living by Christian principles."

In addition, Mr. Oliff stated that the assembly will serve as the center of a special ministerial activity; delegates will be calling on homes throughout the South-west area, encouraging Bible study and distributing Bible literature.

A highlight of the Saturday session of the convention will be the baptism of new ministers, following a discourse on the meaning and importance of baptism as taught in the Bible.

Eighteen congregations of Jehovah's Witnesses and some 1,800 delegates will be attending the assembly.

Area Youth Chosen for Atom Talks

Robert W. Parker, son of Dr. and Mrs. William Parker, 22633 Gaycrest, has been nominated as South High School's candidate to attend the 1967 National Youth Convention on the Atom.

Southern California Edison Company will select and send a delegation of six outstanding high school senior students to the ninth annual conference in Chicago Nov. 30.

Parker has a good scholastic record, is a 1968 National Merit Semifinalist, president of South's chapter of the National Forensic League and Radio Amateur's Club. He is a member of the California Scholarship Federation, Apollo service organization and Soccer Club. Bob plans a career in the related fields of math, science and electronics.

Purpose of the conference is "to present to a group of the nation's most able high school science students and teachers an authoritative and inspiring picture of the promise of the peaceful atom in its various applications, and to help advance interest in the study of science in the United States."

Horse Show Set

The Horcinda Riders will sponsor a horse show Sunday at 22508 S. Vermont Ave. Events will begin at 8 a.m. and end about 6 p.m. There is no charge for admission, but entry fees of \$2 for each class will be required.
